

Interdepartmental Working Group (BAÇG) Meeting 24/09/2024

The 10th Interdepartmental Working Group (BAÇG) Meeting was held as part of the SKUp İzmir Project, bringing together experts from relevant departments of İzmir Metropolitan Municipality, its affiliates, and district municipalities. The meeting aimed to provide essential information regarding the measure selection process of the project.

A detailed presentation was delivered on the Multi-Criteria Analysis (MCA) approach, followed by a discussion of the MCA results and how these findings impact the short list of measures within the SKUp İzmir Project. Finally, participants were informed about the next steps following the measure evaluation process.
