

SUMP Türkiye Webinar 12

1 February 2024

The 12th SUMP Türkiye webinar, the first of two webinars on Road Safety, will take place on Thursday, February 1st.

Traffic safety is one of the most critical challenges facing many cities. During this webinar, road safety will be examined from multiple perspectives, exploring its causes and consequences. Additionally, the integration of key aspects such as infrastructure, incentives, policies, and behaviour change into cohesive solutions will be discussed.
